How can I connect "ME MIDI Sampler" with an external MIDI keyboard or sequencer?
1) using the **Camera Connection Kit (USB)** + a commercial **USB to MIDI adapter** for MAC or PC
OR
2) using the **iRig MIDI** adapter
OR
3) using a **commercial MIDI adapter** for iPad, iPhone, iTouch

All the **MIDI keyboards or sequencers** are compatible with "ME MIDI Sampler" app.

iRig KEYS is compatible with "ME MIDI Sampler".

Wi-Fi or Bluetooth MIDI Keyboard are compatible with "ME MIDI Sampler".
